

Whirlpool Rapids Explorer: 2-Hour Interactive Guided Hike

Score 10 points for each completed task.

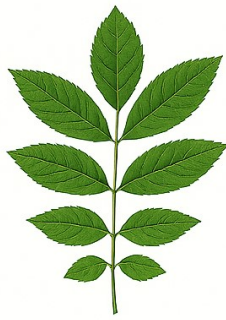

1. From the rim of the Whirlpool, look down at the flats. Find a safe place you will stand when you reach the bottom. Take a photo of that spot.
2. Count how many stone picnic tables you see on your walk down the gorge stairs.
3. Along our hike, locate and take a photo of the trees with these leaves.

SUGAR MAPLE

RED OAK

WHITE ASH

RED MAPLE

4. Find and take a photo along the trail where recent erosion has taken place.
5. Seek, identify and photograph some remains of the Great Gorge Railway.

6. Make a short video of the rapids with only the sound of the raging water.
7. When we reach the Whirlpool Flats, look at the photo you took at the gorge rim. Find and stand in that spot. Take a selfie with the top of the rim in the background.
8. Find these three types of rocks at the Whirlpool Flats.

**GRIMSBY
SANDSTONE**

**ROCHESTER
SHALES**

**IRONDEQUOIT
LIMESTONE**

9. Make a 30 second video with both the Aero Car and a Jetboat.
10. On the return hike, pick up the smallest piece of litter you can find and place in a garbage can at the top of the gorge. How does litter impact the environment?

BONUS: Find and photograph a black squirrel.
